1 This international proliminary examinat	ion report has been prens	ared by this International Preliminary Examining Authority and			
is transmitted to the applicant according		ared by this international Freminiary Examining Authority and			
2. This REPORT consists of a total of 3	sheets, including this co	over sheet.			
	,	s of the description, claims and/or drawings which have been			
amended and are the basis for this 70.16 and Section 607 of the Adr		ntaining rectifications made before this Authority (see Rule under the PCT).			
These annexes consist of a total o	of sheet(s).				
3. This report contains indications relating	to the following items:				
I X Basis of the report		•			
II Priority					
III Non-establishment of opi	inion with regard to nove	elty, inventive step and industrial applicability			
IV Lack of unity of invention	n				
	Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement				
VI Certain documents cited					
VII Certain defects in the inte	ernational application				
VIII Certain observations on t	he international applicati	ion			
Date of submission of the demand 23 January 2004		Date of completion of the report 1 February 2004			
Name and mailing address of the IPBA/AU		Authorized Officer

INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No.

PCT/NZ2003/000132

1. With regard to the elements of the international application.*	I.	Basis of the report					
the description, pages , as originally filed, pages , received on with the letter of the claims, pages , as originally filed, pages , filed with the demand, pages , filed with the demand , pages , filed with the demand pages , filed with the demand pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , received on with the letter of the sequence listing part of the description: pages , filed with the demand pages , received on with the letter of the sequence listing faguage which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rule 8.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rule 8.5). With regard to any nucleotide and/or amine acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. find together with the international application in written form. furnished subsequently to this Authority in computer readable form. furnished subsequently to this Authority in computer readable form is identical to the written sequence listing has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The statement	1.	th regard to the elements of the international application:*					
pages , filed with the demand, pages , as originally filed, pages , as smended (together with any statement) under Article 19, pages , as same as a same and a statement of the drawings, pages , as originally filed, pages , as originally filed pages , as originally filed pages , as originally filed pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished for the purposes of international search (under Rule 23.1(b)). the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. furnished subsequently to this Authority in computer readable form. furnished subsequently to this Authority in computer readable form. furnished subsequently to this Authority in computer readable form is identical to the written sequence listing has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence		X the international application as originally filed.					
pages , as originally filed, pages , as ariginally filed, pages , as amended (together with any statement) under Article 19, pages , filed with the demand, pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , filed with the demand pages , filed, with the demand pages , filed with the demand pages of translation furnished for the purposes of international preliminary examination (under Rules 23.1(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the intern		the description, pages, as originally filed,					
the claims, pages , as originally filed, pages , filed with the demand, pages , filed with the demand, pages , filed with the demand, pages , pages , filed with the demand, pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the following language which is: the language of a translation furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. furnished subsequently to this Authority in computer readable form is identical to the written sequence listing has been furnished. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of:		pages , filed with the demand,					
pages , as amended (together with any statement) under Article 19, pages , filed with the demand, pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of ranalsation furnished for the purposes of international sarped, under Rule 23.1(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos. the drawings, sheets/fig. Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report a		pages, received on with the letter of					
pages , filed with the demand, pages , received on with the letter of the drawings, pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , as originally filed pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of the translation furnished for the purposes of international language in (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the description, pages the claims, Nos. the claims, Nos. the claims, Nos. the claims, as filed, as indicated in the Supplemental Box (Rule 70.2(c)).** * Replacement sheaty which have been furnished to the receiving Office in response to an invit		the claims, pages, as originally filed,					
the drawings, pages , received on with the letter of pages , as originally filed, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , as originally filed pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , received on with the letter of the sequence listing pages , received on with the letter of the language with pages , received on with the letter of the language with pages of the translation satisfact of the purposes of international search (under Rule 23.1(b)). the language of publication of the international application furnished for the purposes of international paplication, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in written form. furnished subsequently to this Authority in computer readable form. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.		pages , as amended (together with any statement) under Article 19,					
the drawings, pages , as originally filed, pages , filed with the demand, pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos. the drawings, sheets/fig. This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).** * Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not annexed to this report		pages , filed with the demand,					
pages , filed with the demand, pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of publication of turnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos. the drawings, sheets/fig. This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).** * Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred t		pages, received on with the letter of					
pages , received on with the letter of the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos. the drawings, sheets/fig. This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).** * Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are r	•	the drawings, pages, as originally filed,	•				
the sequence listing part of the description: pages , as originally filed pages , filed with the demand pages , filed with the demand pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in computer readable form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos. the drawings, sheets/fig. This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).** * Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as		pages , filed with the demand,					
pages , as originally filed pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of publication of the international application (under Rule 48.3(b)). the language of publication furnished for the purposes of international search (under Rule 23.1(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. The amendments have resulted in the cancellation of: the description, pages the claims, Nos. the drawings, sheets/fig. This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).*** ** Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not annexed to this report since they do not contain amendments (Rules 70.16 and 70.17)		pages, received on with the letter of					
pages , filed with the demand pages , received on with the letter of 2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.
